

The Veterans' Foundation has a mission: to support and champion a national network of charities and projects whose work is dedicated to helping our Armed Forces community who are in need. Since inception in 2016, the Veterans' Foundation has helped more than 400 organisations deliver a wide range of life-changing initiatives, by awarding more than £18million in grants to projects that:

- Reduce homelessness and poverty
- Support veterans with mental health problems such as PTSD
- Help veterans with physical injury
- Assist children and young people who have lost a parent in service
- Deliver training for veterans to build a career as a civilian
- Help veterans and their families overcome trauma

The Veterans' Foundation raises its funding through donations, fundraising activities, the Veterans' Lottery and the Veterans' Foundation Memorial Wall.
