

Rules of Play

Please read these rules which relate to your participation in our monthly subscription Veterans' Lottery Draw ('Rules of Play') carefully. They supplement our Lottery Terms and Conditions.

1. Lottery Charge

Entry into each monthly draw costs £10. The annual charge is therefore £120.

2. Prizes and Other Benefits

Participating in the Veterans' Lottery means you are in with a chance of winning:

1st prize - £7,000 and a chance to win the Rollover

2nd prize - £3,500

3rd prize - 80 x £120

2.2 The Rollover

2.2.1 The Rollover is a sum of money potentially available to the 1st Prize winner. It accumulates each month that it is not won, so the value of the Rollover can vary considerably but under regulations it cannot be more than 10% of the entry total in combination with the 1st Prize.

2.2.2 Each month, 3% of the ticket sales for that month's draw are added to the Rollover. The Rollover builds in size each month it isn't claimed. If that pot fills (currently limited to £43,000) a second Rollover pot will begin to grow, and so on. Reserve Rollover pots are unlimited in actual number and are triggered when Rollovers are won.

2.2.3 The maximum pay-out (1st Prize and Rollover combined) is currently £50,000. As the 1st Prize is £7,000 then the rollover pot limit stands at £43,000. If the participation in the lottery increases or decreases the total amount that can be given as a top prize (1st Prize and Rollover combined) may vary. Under Gambling Commission UK regulations, the most that can be won in a single lottery draw is 10% of the total overall fund (all entries combined). As the lottery grows, so can the scale of the Rollover fund.

2.3 For details on how the lottery prizes are allocated, and how to win the Rollover please see section 4 ('winning').

2.4 Additional Benefits

2.4.1 Additional benefits include membership to the Gourmet Society. Your membership to the Gourmet Society shall be subject to the Gourmet Society's terms and conditions, available here: https://www.gourmetsociety.co.uk/terms_and_conditions.php

2.4.2 Gourmet Society membership will only run for as long as your Veterans' Lottery membership. Should you cancel your Veterans' Lottery membership your Gourmet Society membership will automatically be cancelled.

2.4.3 We may from time to time change these benefits, but we will aim to ensure that the value of these benefits is not materially reduced.

2.4.4 If you are not happy with a change, please note that you can cancel your membership by supplying us with 30 days' notice.

3. How to Play

Playing our monthly Veterans' Lottery Draw is incredibly easy.

3.1 To start playing, please register. Registration is a simple process, done via our website. Accessed at www.veteransfoundation.org.uk

3.2 Once we have accepted your registration and set up your account and payment method in accordance with our Veterans' Lottery Terms and Conditions, we will allot you a unique 5 or 6 digit number ('Your Lottery Number'). You do not need to choose your number. You will also be allotted a number for the Rollover between 1 and 3 ('Rollover Number').

3.3 The Veterans' Lottery is drawn once every month, on the last day of each calendar month ('Draw Date').

3.4 In order to participate in a particular Veterans' Lottery draw, we must receive your payment in cleared funds at least 24 hours before the relevant draw takes place. If you are paying by:

3.4.1 Direct debit, please note that it takes up to 10 days for a direct debit to be set up from the date the request is presented to your bank, and so a direct debit would need to be presented to your bank at least 10 days before the draw. These times are not specific and could take longer; or

3.4.2 Cheque, please note that it takes 6 days for a cheque to clear, and so a cheque would need to be provided to us at least 7 days before the draw. These times are not specific and could take longer

3.5 Subject to paragraph 3.4 above, we will enter your lottery numbers into the next available Veterans' Lottery draw and each subsequent Veterans' Lottery draw until your payments cease.

4. Winning

4.1 On the draw date, one of our random number generators will draw at random: (i) a 5 or 6 digit number (taken only from lottery numbers that we have allocated) for each of 1st, 2nd and 80 x 3rd place prizes. This means that there will always be a winner of each prize; and (ii) an additional single number between 1 and 3 for the Rollover draw.

4.2 If you win 1st Prize and the Rollover number (between 1-3) matches your Rollover number, you will win the Rollover too.

4.3 You can check the results of each Veterans' Lottery draw on our site. However, to make things simple for you, we will contact you to let you know if you are a winner and will pay any such winnings directly to you automatically. This is on the provision you have passed our automatic verification process.

4.4 If prizes are unclaimed for six months the monies will be transferred to the donation fund to support the running of the Veterans' Foundation and projects that assist veterans in need.
